

0.5 bar High Lifting Cushions

MFC Survival offer a comprehensive range of 0.5 bar pressure Lifting cushions designed primarily for the recovery of vehicles.

- Lightweight and easily portable
- Provide a strong and steady lift to stabilize a vehicle and improve access to casualties
- These cushions have a large contact area which means they uniformly distribute lift pressure across a large surface area, making them suitable for lifting at weak points of a vehicle such as the roof, sides, wings, bonnet and boot
- Exceptionally Stable
- Strong and Durable
- Non Slip top surface
- Webbing loops assist with lifting and positioning the cushions, and can be used as anchorage points
- Low maintenance costs
- Large lift capacity and height
- Controlled deflation capability

Used For:

- Road Traffic Incidents
- Light Aircraft crash
- Rescue of Animals
- Raising Submerged Vehicles and small craft

	120	180	213	213 WEDGE
Product Code	LB0014		LB0013	LB0046
Materials	Neoprene Coated Nylon			
Area Dimensions (cm)	120x120	120x120	120x120	120x120
Inflated Height (cm)	120	180	213	213 (height at centre)
Deflated Height (cm)	5	5	10	5
Max. Pressure (bar)	0.5	0.5	0.5	0.5
Lift at Max Pressure (kg)	9000	9000	9000	7000
Air Requirements (ltr)	2500	2900	3400	3400
Packed Weight (two cushions) (kg)	75	80	85	48

Type 120, 180, 213 & 213W bags feature 5mm thick 3 ply working surfaces with two rings fitted to both top and bottom working surfaces for securing

0.5 bar High Lifting Cushions

Standard Equipment

Repair Kit
(600001)

Webbing Loops

Relief Valve
(050051)

Optional Equipment

5 or 10m Yellow Hose
(SP0119/SP0123)

5 or 10m Red Hose
(SP0120/SP0124)

5 or 10m Green Hose
(SP0121/SP0125)

1 bar Steel Controller c/w Regulator
(CO0023)

1 Bar plastic Controller
(CO0031)

1 Bar Aluminium Triple Control Unit
(CO0046)

8 Bar Regulator
(RE0034)

Black High Pressure Hose
(SP0127)

Series 19 Female coupling
(010098)

Series 19 Male coupling
(010433)

GEKA Claw Coupling
(010045)

Series 27 Male coupling
(010376)

Series 27 Female coupling
(010434)

Reducing Adaptor
(010170)

Series 25 Female coupling
(010248)

Series 25 Male coupling
(010026)

Instant air Female
(010437)

Instant air Male
(010436)

Storz coupling
(010435)
