## Instructions for Use

With the Bravo 4 Hand Pump, inflation to the recommended pressure of all fabric or rubberised boats, can easily be achieved with very limited effort.

### How to use

1. Connect the black hose to the hand pump (if disconnected).
2. Connect the black hose to the product using the valve adapters provided.
3. Start inflating the product until it reaches the recommended operating pressure.

## Repairs

As a general rule, repairs/damaged products will need to be assessed in two categories:

a) that which is repairable at the base, or b) serious damage that will need to be repaired by MFC International.

If in doubt as to the extent of the damage and the level of repairs necessary, please contact the MFC service department on +44 (0)1443 433 075.

**WARNING:** Repairs may only be carried out by the manufacturer, or people certified by MFC International Ltd.
