

Our rubber torch is a solid, high quality, high output LED torch that uses 4x AA alkaline non-rechargeable batteries and is the perfect light for water rescue scenarios, camping and even security use.

The rubber torch is water proof and will float upright if placed in water, so the beam points upwards, it has a synthetic rubber housing for durability and an ultra tough polycarbonate lens.

Featuring a white seoul LED chip delivering superb performance. The output is 140 lumens, giving an excellent 5 hours run-time and a beam range of 135 metres.

FEATURES

- 140 lumen white seoul LED
- Synthetic industrial grade rubber body
- Highly robust
- IP56 dust and water proof
- Floats beam upright in water
- Ultra tough polycarbonate reflector
- Rubber moulded push micro switch
- Optical beamaster lens for beam penetration
- Textured handle for extra grip
- Reinforced anti-roll head
- Impact resistant to 1m

TECHNICAL DATA

RUBBER TORCH

Product Code	WR9134
Materials	Synthetic industrial grade rubber body
Weight (g)	301g (without batteries)
Dimensions (mm)	85 x 215mm
Batteries	4 x AA alkalike batteries required (not included)
Colours	Black
