

A fully automated inflation/deflation system designed maintain the air pressure of large inflatable structures. The pressure range is adjustable up to 360mbar.

The automatic refill pump is ideal for use in climates where there is a significant difference in day time and night time temperatures or where structures need to remain inflated for extended periods.

FEATURES

- All weather design (IP 66)
- Inflates and deflates
- Automatically switches the pump on and off to maintain air pressure

USED FOR

- Inflatable Shelters
- Decontamination Showers

TECHNICAL DATA

GE1800 ARS (110V)

GE1800 ARS (230V)

Product Code	180052/001	180056/001
Dimensions (cm)	33 x 28 x 35	33 x 28 x 35
Power (Watts)	1800	1800
Air Flow (Liters/min)	2700	2700
Maximum Pressure mbar / psi	360 / 5.2	360 / 5.2
Weight (kg)	6.4	6.4
Cord Length (m)	3	3
