

Portable air heater for use with the MFC range of shelters and decontamination showers. The Master BV77DV heater is an easy to use portable oil heater with a rated heat output of 20kW.

The heater is positioned outside the shelter and the heated air is fed into the shelter through the heater sleeve via a heat resistant hose (see accessories).

FEATURES

- Portable oil heater with rated heat output of 20 kW
- Indirect outlet gas routing
- Compact design
- Easy to operate
- Connection of a room thermostat possible
- Easy to move with wheeled base and sturdy handle

USED FOR

- Shelters
- Decontaminations Showers

ACCESSORIES

- High-temperature air hose rated up to 150°C - length 5m, diameter 305mm. Includes clamp. (91250069)

TECHNICAL DATA

Product Code	SH9150
Product Name	Master BV77DV Heater
Rated heat output	20kW / 71,700 Btu
Air flow rate	1500m³/h
Fuel tank capacity	36L
Fuel consumption	2l/h
Electrical power	0.3kW
Length (mm)	1130
Width (mm)	380
Height (mm)	660
Weight (kg)	33
Voltage	Dual 110V / 230
