

RECHARGEABLE FLOODLIGHT (SMALL)

MFCInternational
by RESPIREX

The Tower Pro 2K is a portable LED floodlight with a 2000-lumen output and up to 30m beam distance. It features a hybrid power supply, running on a rechargeable lithium-ion battery or AC mains.

With three adjustable modes and warm/cool white light options, it adapts to various tasks. Designed for convenience, it has a collapsible tripod (0.66m–1.5m) and a detachable lamp head with magnets and a hook for flexible positioning.

FEATURES

- 2000-lumen output with up to 30m beam distance
- Hybrid power (battery & AC mains) for flexibility
- Three light modes with warm/cool white options
- Collapsible tripod extends from 0.66m to 1.5m
- Detachable lamp head with magnets and hanging hook
- IPX4-rated housing for water resistance and durability

USED FOR

- Shelters
- Decontaminations Showers
