

Specialist LED lamps for use in inflatable shelters and decontamination showers.

These lamps feature a durable waterproof construction and using the hanging kit (sold separately), they secure easily around the tubes of the shelter frame.

FEATURES

- Waterproof (IP 67) construction can be used in indoor or outdoor areas
- Impact resistant protective polycarbonate tube with two rubber protective cuffs
- Modular structure with plug and/or cable plug system integrated into the endcaps
- Cool running LED light source low heat development eliminates risk of burns or damage to shelter
- Instant illumination, even in low temperatures - no warm up or re-strike time

ACCESSORIES

- Hanging Kit - pack of two metal retaining clamps with bungee cords for hanging LED tubes (SLZ005) - one hanging kit is required per lamp (see below)

USED FOR

- Shelters
- Decontaminations Showers

TECHNICAL DATA

Product Code*	SLZ2323/5/01DWD
Product Name	ELSPRO LED Light
Power (Watts)	23
Voltage (Volts)	230 AC
Output (Lumen)	2,300
Length (cm)	75
Tube Diameter (cm)	7
Weight (kg)	595
Cable Length (m)	5
