

The SG-130 is a 3.4kVA petrol generator with a brushless alternator for smooth power output. It features a Honda GX200 engine, 115V and 230V sockets, a voltage selector switch, and a reset circuit breaker. Designed for durability, it includes a full wrap-around frame, a long-run plastic fuel tank, and a trolley kit for easy transport.

Running at 3000 RPM, it meets EU Stage V emissions standards and offers 2.5 hours of runtime at 75% load. With a 3.1L fuel capacity, 71 dBA noise level, and a compact 40 kg design, it's a reliable choice for continuous or backup power, backed by a three-year limited engine warranty.

FEATURES

- 3.4kVA petrol generator with a Honda GX200 engine
- Brushless alternator for smooth power output
- 115V & 230V sockets with voltage selector switch
- 3.1L fuel tank providing 2.5 hours runtime at 75% load.
- Lightweight (40kg) & portable with trolley kit

USED FOR

- Shelters
- Decontaminations Showers

TECHNICAL DATA

Product Code	DS9069
Engine	Honda GX200
Cylinders	Single
Starting System	Recoil
Fuel	Unleaded 86 octane or higher
Phase	1
Voltage	230/115
Rated Frequency (Hz)	50 Hz
Fuel Tank Capacity (Liters)	3.1
Running Time	2.5 Hours (75% load)
Noise Value	71 dBA @ 7m
Dimensions (mm)	610 x 420 x 415
Weight (kg)	40
