

RP3 Rescue Platform

The RP3 is an inflatable platform for the recovery of casualties primarily in shallow water, mud, ice and swamp environments.

- Lightweight and easily portable
- Exceptionally stable
- Can be paddled or Line transferred
- Can be used in conjunction with the Rescue Craft
- Acts as a transfer platform to facilitate easy recovery of casualties from the water, especially those on spinal boards.
- A variety of rigid stretchers can be located on top of the platform and subsequently manoeuvred to safety
- Non Slip top surface
- Versatile
- Minimal training, servicing and maintenance costs

Used For:

- Crisis rescue
- Flood Rescue
- River Rescue
- Casualty Recovery
- Shallow Water rescue
- Casualty Transportation
- Transfer platform

RP3	
Product Code	WR0007
No. of persons	3
Length (cm)	320
Width (cm)	98
Height (cm)	32
Capacity (kg)	240
Air requirement (litres)	570
Pack size (cm)	70 x 45 x 30
Weight (kg)	15
Working pressure (bar)	0.2
Recommended Regulator	8 bar
